

## MEMO

From: Paul C. Zelenak, City Manager

To: Mayor Cusson and City Council

Date: April 18, 2017

Re: 2017-2018 Budget Message

---

Please find attached the recommended 2017-2018 budget. The projected revenues for the fiscal year 2016-2017 are \$4,288,390. Expenditures are projected at \$4,351,487. The CPI increase this year was 0.9%, and with the additional uncapping of property, we received an increase in approximately \$40,000 in property taxes.

Based on the estimates from the Michigan Department of Treasury, the City of Linden should receive approximately the same Revenue Sharing funds in 2017- 2018 as in the previous year.

At the close of the 2016-2017 budget (July 1, 2017), the City will have an estimated General Fund balance of approximately \$900,000, which will represent (41%) of General Fund expenditures.

The City has been actively pursuing grant funds over the past few years. Since 2014, we have dedicated more than \$1.8 million dollars in grant funds, including \$900,000 through the SAW funds, which are funds that are being used to evaluate our Storm Sewer and Sanitary Sewer infrastructure. Those expenditures and projects are to be completed by May 31<sup>st</sup> of 2017. Additionally, the installation of the restroom at Eagles Wooden Park, (which was procured with a grant of \$50,000) will be completed this year. We also received a \$5,000 grant from the Fenton Community Fund, which went towards funding for the DDA façade improvement program. In 2016-2017 we completed the installation of a generator for City Hall, which was assisted by a grant of approximately \$20,000. This year we are beginning the engineering for the repaving of Bridget Street from the southerly City limits to the bridge over the Shiawassee River. This was assisted by a grant that we are receiving of over \$800,000 from TIP Road Funding (through Genesee County). Our departments will continue to actively pursue grant dollars where they fit into our future City plans.

Some of the additional projects will be planning for improvements in and around the DPW Building for a potential new facility, the design of a new water tower, and new water main improvements on Bridge Street which coincides with the roadwork planned in 2018. We have dedicated funds to assist with several smaller projects, including the LAFF Pathway on Silver Lake Road, the Safe Routes to Schools Pathway near the schools, a regional dog park, and improvements at Triangle Park

The City will continue to take measures to keep a healthy fund balance. Due to proactive budgetary measures that are always being undertaken, this year's budget reflects certain plans and expenditures that have been held off in previous years. The repaving and restoration of roads within the community, and the restoration of the Linden Mills Building, will be long term projects that will impact our future for many years.

It is important to recognize the cooperation of the City Council, City Administration, and City Staff. As we move forward, I am confident the City will continue to remain in fiscally stable condition, while continually providing the highest quality services to our residents and business owners in the City of Linden.
